

VINTAGE STONE® 6X3|6|9 60MM

PRODUCT NUMBER # 293

- Smooth surfaces and chamferless edges create the sleekest segmental pavement possible, with crisp elements and tight joints
- Designed to be installed in an efficient repeating runner or ashlar pattern, with equal numbers of 1/2, square, and 3/2 stones
- Made of durable concrete with iron oxide pigments which helps prevent fading from extended UV exposure. Meets or exceeds applicable requirements of ASTM C936 and C1782.
- Light vehicular applications

The Vintage Stone series removes all topography from stone surfaces and joints, creating a smooth and nearly texture-less pavement to evoke clay or draw attention to color patterns and monolithic fields. Vintage is available in a wide range of paver sizes to suit a variety of installation patterns including random runner, repeating runner and ashlar, and single shape patterns. Vintage is suitable for Rumbling, which weathers the paver stones by breaking and softening edges and corners.
